Jeevaniyam

Centre for Child Development

Jeevaniyam – the name itself has a sprouting life with in. The one which nourish life. Yes, Jeevaniyam Charitable Trust and Jeevaniyam Centre for child development is all set at the heart of Ernakulam to walk with special kids. We believe that the smile of confidence is the word for a child's future and for the nation. Smile of confidence has its roots in health and Jeevaniyam Centre for child development has a spectrum of services to render such that special kids are lulled in the warmth of care and support. The physical, mental, social and spiritual requisites of children and met here. Here we have a professional sagacious team to deal with medicine, technology, research and spiritual guidance with special professional team for special kids with Autism, Cerebral Palsy, Learning Disabilities and Mental Retardation.

What makes jeevaniyam special:

Assisting special kids in every aspects of their life is truly based on sound understanding and evaluation of their biological and psychological condition. This is humanistic rather than a medical one. This humanistic understanding is the pedestal up on which Jeevaniyam Centre for child development trust was built. Rather than a biological existence, rather than being refrained with in the walls of their houses, we let them to have a productive worthy life ahead. Jeevaniyam becomes so special here:
